

GRIP
VACUUM LIFTING

C600

C600

LIGHTWEIGHT AND COMPACT

The Glass-Maxx C600 combines a low weight with a robust and compact design. The lifter has a maximum safe working load of 600 kg and is provided with a dual vacuum system by default.

Features and specs:

- Easy to handle and move by a single person due to the low self-weight
- Adjustable tilt and shortend lifting arm allow for easy inside glazing
- Low weight compact lifter with dual circuit
- Machine Weight: 30 kg
- Maximum SWL: 300 / 600 kg
